

Dr. Alyx MacTernan, Ed.D., LPC, NBCC Philosophy and Information for Texas Residents

Philosophy/Therapeutic Orientation: At the heart of my work is my desire to support and encourage healthy relationships both with ourselves and others.

As a Licensed Professional Counselor of the Texas State Board of Examiners of Professional Counselors, I will abide by its Code of Ethics. Adherence to this code requires participation in continuing education and training in subjects relevant to this profession.

Formal Education/Training: I received my Ed.D. in Counseling Psychology from Argosy University. Additionally, I have completed training in Telemental Health earning my certificate from the Telehealth Institute.

Fees: (cash, check, debit/credit (Visa, MasterCard, AmEx, Discovery; collected each session).

Individual session private pay (50 minutes): **\$180**

Group session (50 minutes): **\$180**

Relationship Counseling session (50 minutes): **\$180**

Cancellations: Cancellations and scheduling change requests made at least 24 hours prior to scheduled sessions are honored without fee requirement. Cancellations or rescheduling requests made within 24 hours a scheduled appointment will require full fee payment for the cancelled or rescheduled session.

Completing Counseling: I believe that clean endings support clean beginnings, and this is of importance in how you and I end our work together. As you feel ready – either to take a break, or to end our sessions – please communicate this to me so we can collaborate on a final session that honors both our time and work together, and your next phase.

Online Counseling: Video and electronic communication using ZOOM is an emerging method for coaching and counseling and affords many opportunities for clients to access practitioners outside their locale, and/or from the convenience of their own venue. Even though ZOOM is HIPAA-compliant, it is important to understand that, due to the use and nature of the internet, I cannot guarantee confidentiality for our video and electronic communication for the following reasons:

-Video or text conferencing conducted at your place of employment may be the property of your employer and may be seen or heard by your employer.

-Video or text conferencing conducted in any location may be overheard by any person in your vicinity.

-It is unknown the length of time for which our video or text communication may be stored, and whether or not your health information is protected.
